

Elevators

Our elevators make it easy for anyone to board the bus. Whether you have a wheelchair or walker, or if you just have trouble with stairs, everyone is welcome to use the elevators!

Buses hold up to 17 passengers.

Volunteer Driver Program

In addition to the bus system, Trailblazer also operates a volunteer driver program. Volunteer drivers use their personal vehicles to provide customers with the option to get rides when the buses are not available.

Volunteers make it possible to get a ride on weekends and outside normal operating hours.

**Your Pickup.
